What is Food Revolution Day?

Food Revolution Day is a global day of action to keep cooking skills alive. It's about celebrating the importance of cooking good food from scratch and raising awareness of how it impacts our health and happiness. We believe that everyone should know about food and it starts with getting kids food smart, making cooking fun and inspiring a love of food that will last a lifetime. Food Revolution Day is a campaign by the Jamie Oliver Food Foundation in the UK and USA, and The Good Foundation in Australia.

Harwood Island Public School will be participating in the Food Revolution Day this Friday 16th May.

The students will be creating their own wraps from a variety of fresh salad ingredients along with cheese and ham. All allergies have been taken into account, if you do not want your child to participate please send a note in. Children participating in this activity will not need to bring a sandwich.
